2012 CARDINALS VOLLEYBALL
Jo Ann Gora

Jo Ann Gora began serving as Ball State's 14th president in August 2004. Under her leadership, the university has made immersive learning the hallmark of every Ball State student's college experience. From 2007-2010, nearly 8,200 students completed more than 500 immersive learning projects throughout Indiana and beyond.

Gora has led the development and implementation of the university’s Education Redefined strategic plan, which was the basis of the university’s capital campaign, Ball State Bold. It concluded in June 2011 and topped its $200 million goal by more than $10 million.

Since Gora’s arrival, Ball State has been in the midst of an unprecedented era of campus improvement. For the eight-year period ending in 2012, the university is spending approximately $418 million on major construction and renovation projects. Gora was one of 12 charter signatories to the American College and University Presidents Climate Commitment in 2006. She has led Ball State’s sustainability efforts, including its geothermal energy project, the largest of its kind in the country. This fall, the university completes Phase One of the project, shutting down two coal-fired boilers and saving more than $1 million annually in operational efficiencies.

In 2009, Gora earned the Mira Trailblazer Award from TechPoint for her significant and lasting contributions to technology innovation in Indiana. She is a member of the American Council on Education’s Board of Directors and the Association of Governing Boards’ Council of Presidents. She chairs the Mid-American Conference Presidents’ Council and co-chairs the Central Indiana Corporate Partnership. She serves on the boards of the Indiana Chamber of Commerce, First Merchants Bank and Ball Memorial Hospital.
