Abstract

This survival guide was created to help students make their way through the journalism graphics program. When I started the program as a freshman I had many questions but didn't know where to look for the answers. This supplement will hopefully answer journalism graphics students questions or direct them where to look for the answers. It will allow students to know what is available in terms of courses, extracurricular activities and scholarships. Also included in the survival guide are a list of important dates, general journalism department information section, job and internship guide, and a list of where to find resources.

Acknowledgments

Thanks to Michael Price, my thesis advisor, for putting up with my hectic schedule this semester. I wouldn't have been able to complete this project or year if it wasn't for his help, encouragement and support. Thanks also to Rich Rokicki and Chris Shaw for their help throughout the year.
This guide is provided by the Ball State Society for News Design student affiliate as a service to journalism graphics majors.

Contained are seeds of information necessary to cultivate successful journalism graphics students.

OVERVIEW OF THE GRAPHICS SEQUENCE

What Is Journalism Graphics?

The Journalism Graphics major emphasizes the integration of writing, editing and design. Students develop the aesthetic, theoretical and technical knowledge required to become visual journalists.

The objective of the visual journalist is to plan and produce content-driven, visual presentations for newspapers and online news/information services.

Journalism Graphics majors choose between two options of study:

- **Option 1**: Graphics Reporting
- **Option 2**: Visual Editing

What the program isn't

The Journalism Graphics major does not educate graphic designers for studio and agency careers of the graphic arts and publishing professions. This program is aimed at the news industry.

The Journalism Graphics major is not an in-depth extension of the Journ 125 Communication Graphics course. Journ 125 is a survey, visual literacy course intended for all journalism majors. Journalism Graphics is specialized chiefly for news-editorial careers.
NOTES

Before planning your schedule, students should schedule appointments with Dan Waechter, curricular adviser, and Michael Price, Journalism Graphics sequence coordinator.

GEOG 340: Cartography and Graphics 1 (only offered in the fall)

- The construction and design of maps and graphs. Basic drafting techniques and methods of cartographic presentation. Although the emphasis is on graphics presentation of spatially disposed quantitative and qualitative data, the techniques and methods apply to a wide range of subject areas.

FINE ARTS CONSIDERATIONS

- While they are not required, Journalism Graphics majors should take as many drawing classes as possible. The art department only allows art majors and minors to enroll in drawing classes. Therefore, Journalism Graphics majors are strongly encouraged to consider a double major or art minor. Students can also take drawing classes during the summer sessions when they are open to all students, not just art majors and minors.
NOTES

Before planning your schedule, students should schedule appointments with Dan Waechter, curricular adviser, and Michael Price, Journalism Graphics sequence coordinator.

RECOMMENDED DOUBLE MAJORS

- Although not a requirement, Journalism Graphics majors are encouraged to consider two major study areas, strongly recommended choices include double majors in:

  - Journalism Graphics / news editorial
  - Journalism Graphics / photojournalism
  - Journalism Graphics / magazine
  - Journalism Graphics / foreign language
  - Journalism Graphics / graphic arts technology
  - Journalism Graphics / art - graphic design
  - Journalism Graphics / art - drawing*
  - Journalism Graphics / political science
  - Journalism Graphics / geography
  - Journalism Graphics / economics
  - Journalism Graphics / math

The journalism department has five computer classrooms. All five are equipped with Macintosh computers.

Of the five labs, three are used for teaching graphics courses. The other two labs are used for media writing and editing.

All journalism majors are required to take at least three courses which are taught in department computer classrooms. All journalism department majors will have achieved, prior to graduation, at least a minimum level of computer competency necessary for a career in the journalism/communications industry.

APPLYING FOR SCHOLARSHIPS
To apply for a scholarship(s), review the selection criteria then complete the application form(s) and submit your completed application(s) along with any work samples to the department office by the specified deadline. Applications are available in early January from the Journalism Department office and are usually due back in mid-February.

GENERAL CRITERIA FOR JOURNALISM SCHOLARSHIPS
Any student applying for any of the following scholarships MUST be enrolled for the current semester and plan to enroll for at least one semester and take at least 12 hours per semester (or three hours of internship) while the scholarship is in effect for the academic year, beginning in August. In other words, he/she must be a full time student.

A student MUST have a grade point average (GPA) of 2.6 in all course work and/or outstanding media service before he/she can apply for scholarship consideration. Media service may include student publications, internships, and/or other on or off campus media work. Applicants should submit copies of up to three samples of their work for each scholarship application. Photo copies are acceptable. Study each description carefully (in every category) and apply ONLY for those scholarships for which you qualify. Students who have previously won one-year scholarships are invited to reapply or apply for other applicable scholarships. Recipients will be chosen by members of the journalism faculty. All scholarship recipients must attend the journalism honors convocation. Students applying for scholarships should check the criteria for those scholarships. When the criteria include a class standing, it is the expectation that the student will be in that class during the year the scholarship would be used.

In some cases where a scholarship has been given as a memorial or represents a gift to the Department of Journalism, the required paperwork to process the scholarship will NOT be forwarded until the recipient has written a letter of appreciation to the donor and given the letter, along with an addressed envelope and stamp, to the department office for mailing. Simple good manners dictate this appropriate thank you. Check the department office for correct mailing address.

DEPARTMENTAL SCHOLARSHIPS

*Detailed information regarding the Society for News Design follows
WHAT IS SND?

- The Society for News Design is an organization for the visual journalist, photographer, illustrator, artist, writer or student interested in newspaper design.

As a member of the local SND chapter, you will receive:

- An opportunity to help sharpen your skills for a career in newspaper graphics and design.
- A chance to meet people who have similar interests and career goals as you.
- Save on some required class texts.
- Admittance to various software and job preparation workshops for free or at a reduced price.
- Admittance to professional speakers.
- A chance to apply for grants to aid in portfolio expenses.
- The local membership produces a CD portfolio for members that is distributed at national conferences to newspapers around the country.
- Save on National SND fees as a local member.

WHY JOIN SND NATIONAL?

- SND is your way to have an impact on the future of the profession. It gives you a voice in shaping the visual future of newspapers. SND is an active, international organization that will benefit you in the following ways:

Professional development

- SND workshops give you the best avenue available for keeping up with the fast-moving field of graphics and design. And participation in an international professional society will enhance your value of your major and the time you are working in college to get into the profession.

Information

- Plugging into the Society’s information network will give you immediate access to the latest developments in the field. Our publications tell you the who, what, when, where, why and how of newspaper graphics and design. And through the SND data libraries on PressLink and the CIS-Forum you get both instant information and fast feedback from SND problem-solvers.

Recognition

- Receiving an award in The Best of Newspaper Design competition is a career-booster and brings recognition to your publication or university.
Career networking

- SND's membership has grown to more than 2,270 members in the United States, Canada, and 38 countries around the world. Who you know can be invaluable help in problem-solving and career advancement especially when looking for an internship or a first job.

WHY JOIN SND NATIONAL?

Publications

- All the publications SND delivers are great references for class projects, professional work and job placement.
  - The Best of Newspaper Design annual features the winners of the yearly design competitions.
  - Design, is a quarterly magazine reporting on current trends in the profession available only to members.
  - SND Membership Directory is a valuable reference tool when looking for contacts at publications around the world.
  - SND Update is a bi-monthly newsletter that keeps members up-to-date on SND conferences, training programs and events.

Education/Training

- SND student awards and an annual college newspaper design competition recognize outstanding design students.
- Annual internship project compiles newspaper design and graphics internships available.
- SND offers scholarships for students and educators to attend many of the organization's programs.
- Offers annual newspaper design and graphics workshops and conventions.
- SND Quick courses, a series of one-day regional workshops in North America.

- For more information about SND contact Michael Price, the current student officers, the bulletin board outside WQ 207 and the SND national's Web site at www.snd.org.
PORTFOLIO GUIDELINES

Purpose: The purpose of a portfolio is to help sell yourself to employers for summer jobs, internships and permanent jobs.

Keep current

- You need to continue to update and add work to your portfolio.
- Remember to start early in your college career. When you publish work get as many copies as you can.
- Be sure to keep digital copies of all assignments, internships work and student publications, like the Daily News, Expo, etc.
- Store potential portfolio pieces in a light-safe place like a box with a lid.
- Include anything you think might help you in a future job search.
- You can also change the materials in your portfolio to fit the position you are applying for.

PLACES TO PURCHASE PORTFOLIOS

- Each year, the Association for Students in Communications sells portfolios throughout the year in WQ. Portfolios come with 10 sleeves and are available in black only. Sizes range from 11 x 9 to 22 x 17. Prices range from $70 - $150.

- Portfolios can also be purchased at art stores such as Gordy's Art Mart, TIS, and the Ball State Bookstore in the Village. In Indiana, you can find them at Michaels and Bates art supply.

PORTFOLIO REQUIREMENTS FOR EXIT INTERVIEW

- A minimum of 10 outstanding published pieces: for these pieces, the student is responsible for the layout, design and/or illustration of the pieces; these may include newspaper pages, magazine pages, tabloid pages and/or informational graphics.

- It is preferred that these 10 pieces include a range of black and white, 2-color and 4-color work.

- The student must be able to defend the relevance of these 10 pieces to the profession of Journalism Graphics. Therefore, these 10 pieces would not be considered studio graphic design, specialty design or advertising.
• It is recommended that the nature of these pieces be directed toward the student’s sequence option of interest (graphics reporting or visual editing).

• A minimum of four revised projects from each of the following courses:
  J321 Newspaper Design
  J345 Journalistic Visual Reporting
  J475 W.E.D. Seminar

• A minimum of four revised projects from two of the following courses produced and revised by the student:
  J323 Magazine Design
  J445 Advanced Visual Reporting
  J332 Visual Editing

• A minimum of two outstanding graphics packages produced by the student.

• A minimum of two pieces of the student’s choice, published or classwork, not outlined above.

• Minimum number of pieces: 24

REGARDING THE PORTFOLIO

• Please consult with a member of the Journalism Graphics faculty for input about the size of portfolio case for your work and professional objectives.

• All items in the portfolio will be presented in a neat fashion.

• Anything that should be trimmed, will be neat and straight, not ragged or torn.

• Color printouts included in the portfolio will be a high quality, free of technical imperfections.

• Smaller items that might slide inside of the display sheets should be lightly into place with rubber cement, using as little adhesive as possible. When using rubber cement let pages dry for at least one day before placing into portfolio.

WHEN PRESENT THE PORTFOLIO DURING THE EXIT INTERVIEW

• The student should be prepared to give a detailed description and defense for each piece.

• The nature of the assignment should be outlined verbally for each piece.

• The student should articulate what he/she executed in regard to each piece, covering the topic area of content, design, color, typography, writing, research, editing, illustration and technical execution regarding computer hardware and software.

• The student should offer a critique of the work, pointing out strengths, weaknesses and suggested improvements.
NOTES

REGARDING THE PRE-EXIT INTERVIEW

- The student should schedule a pre-exit interview with the Journalism Graphics coordinator during the semester immediately prior to his/her final semester.

- The student should use this meeting to present the status of his/her portfolio and seek input. Consider this meeting a rehearsal for the final exit interview the next semester.

- At this meeting, the student will provide his/her printed résumé. The résumé will be critiqued and returned to the student for revision.

- The conduct and dress at this meeting will be casual.

REGARDING THE EXIT-INTERVIEW

- The student will schedule a time to meet with the Journalism Graphics coordinator for the purpose of the exit interview.

- The exit interview should be scheduled prior to the mid-term of the student's final semester.

- The student will arrive on time for the interview. If not on time, a new interview time must be scheduled.

- At the interview, the student will present his/her portfolio and be prepared to field questions regarding the work. See guidelines above.

- The student will provide his/her printed résumé.

- After the interview, the student will complete the proper forms for approval and an evaluation of the Journalism Graphics program.

- The conduct and dress at this meeting will be business-like and conducted in a professional manner.

GAINING PRACTICAL EXPERIENCE

NOTES

- The department suggests completing your required internship between sophomore and junior year. Students should work as much as possible during college to get as much practical experience as possible.

- When looking for an internship consider attending one of the internship workshops that are offered in the beginning of both fall and spring semesters. These workshops answer many questions students have and allow students to meet the internship coordinator Sheryl Swingley. Requirements for internships are also discussed at this time.

PLACES TO LOOK FOR INTERNSHIPS

BESTY M. ROSS INTERNSHIP FUND

- The Besty M. Ross Internship Fund is available to provide students financial assistance as they search for an internship or complete internship requirements to earn their degrees in journalism.

- Students may apply at any time. Applications will be reviewed at least twice a year. Students will receive a response within 10 days of submitting request.

- The maximum amount of assistance a student may apply for is $250. A total of $1,000 is available in the fund on a yearly basis.

- Funds may be used for such needs as tuition, travel to and/or from the internship site for employment (doesn't include travel for interviews), moving expenses, housing during the internship, purchase of a portfolio, portfolio development (printing, copying, etc.), postage to mail portfolio materials, etc.

- To apply for funds, students are asked to write no more than a one-page letter addressed to members of the Betsy M. Ross Internship Fund Committee, The letter should be hand-delivered or mailed to Marilyn Weaver, Department of Journalism, Ball State University, Muncie, Indiana 47306.

- In the application letter, students must explain their internship plans and why they are in need of financial assistance. Students also must provide in their letter an itemized budget of funds needed. The funds requested may be used for one item or several.

- Recipients of assistance form the fund must meet the following criteria:
  - major or minor in the Department of Journalism
  - 3.0 grade point average in their major or minor
  - financial need
  - talent in the area of journalism, advertising or public relations

- Recipients will be notified by letter whether they will receive assistance from the Betsy M. Ross Internship Fund.
The following locations are good places to start when searching for either internships or full-time employment after graduation.

- The bulletin boards located outside of the journalism department office on the third floor of West Quad have categorized job postings.

- The electronic message board located in the journalism resource center announces upcoming events and employer visits.

- Check out Career Services to see if there are any postings for journalism-related fields. Those students who are looking for internships must register with career services before enrolling for internship credit. Registering with Career Services enables you to be notified of field-related job postings when they are available and also information on practice interviews and career information days.

- The Department of Journalism Web site (http://www.journalism.bsu.edu) has job postings under the student resources section. This portion of the web site is only accessible from campus locations.
