

**Creative Project:** The River of Principles: the communicative approach through interactive gaming

**Student:** Levi D. Rinker

**Abstract:** Master of Arts

**Abstract:** College of Sciences and Humanities

**Abstract:** April, 2010

**Pages:** 63 Research + 20 Appendix

**Abstract:**

Enhancing ESL/EFL teacher training in the Communicative Approach via interactive gaming, *The River of Principles* employs learner-focused lesson planning and constructive communication between ESL/EFL teachers-in-training and teaching professionals. Implementing Brown's *Teaching by Principles* (2006), this game focuses on teaching methods instruction (Mitchell & Myles, 2004; Brown, 2007) and materials design (Tomlinson, 2003).
